

Terms and conditions:

1. Personal information provided by the seller will be protected and used in accordance with the Data Protection Act. Without prejudice to any Act, [the retail price and] the volume of sales shall be considered to be commercially sensitive data and will only be published in such a manner that individual sellers cannot be identified, but may be shared by/with the Malta Resources Authority, the Ministry for Finance and the VAT department. All information other than personal or commercially sensitive information may be published.
2. Sellers may be suspended or withdrawn from the scheme after notification in writing from the Malta Resources Authority.
3. Random audits may be carried out by the Malta Resources Authority or its agents. Participation in the scheme implies that the seller is agreeing to such auditing. Original literature, in the English or Maltese language, must be available to support any claim in this return and provided upon request to the MRA.

Documentation required with application form

For the first registration or listing of any appliance:

Certified copy of technical documentation - energy efficiency test reports for each appliance qualified for a rebate. This documentation will not be required where the seller did not import the appliances directly, provided that the wholesaler supplied the relevant documentation to the MRA. This documentation will also not be required where the appliance is registered either with the Energy Savings Trust of the UK or similar governmental EU bodies (subject to prior MRA approval and indication by seller) or with Eurovent (for AC's)

Copies of fiche or label for all other appliances listed in the document. Catalogues will be accepted in lieu of labels/fiches provided that all the information that is required on the label is included in the catalogue.

Definitions

“technical documentation” means the document identified as such in regulation 5 of the “Indication by labelling and standard product information of the consumption of energy and other resources by household appliances regulations, 2002” as amended.

“Certified” means a statement by any authorised person of the manufacturer on the document stating “Corresponding to the original” and having this statement signed, stamped and dated. The position within the company of the signatory is also required.
